Sewing the Quilt

1. Sew the blocks together according to the quilt diagram. Make 28 blocks as follows: 11 blocks using fabrics V and T; 8 blocks using fabrics S and F; 3 blocks using fabrics G and W; 6 blocks using fabrics H and P. Press seams.

2. There are 7 vertical rows of blocks separated by spacers. Refer to the diagram to place blocks and spacers in each of the 7 rows. Label the rows 1 through 7 and set aside. Press all seams in a downward direction.

3. To make the sashing rows, join the remaining 3-1/2" wide strips to make vertical rows. Refer to diagram to place the sashing strips in each of the 8 sashing rows. Label the rows 1 through 8 as you complete each row. Press all seams upward.

4. Alternate the sashing rows and the block rows; sew together in numerical order to complete the center of the quilt top. Press seams to one side.

5. Sew a fabric J border strip to one long side of a fabric K border strip. Make 4 borders. Center and sew the borders to each side of the quilt top with overlap at each end of the borders. Miter corners; trim away excess fabric. Press.

Finishing

6. Layer the quilt top, batting and backing. Baste, then quilt the layers together.

7. Fold the binding strips with wrong sides together and press the fold line. Align raw edges of binding and quilt top; sew in place. Turn binding to back of quilt; stitch in place.
